

# NUTRI URO

The definitive and permanent solution for your little friend's urinary tract health

## WHAT IS NUTRI URO?

Thanks to its special and carefully formulated content, it is an effective premix for the protection and support of urinary system health in cat and dog nutrition.

**A healthy urinary system**

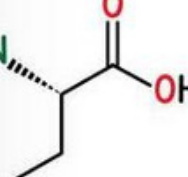

**Source of omega-3 and vitamins**

**Protects the urinary tract from stones**

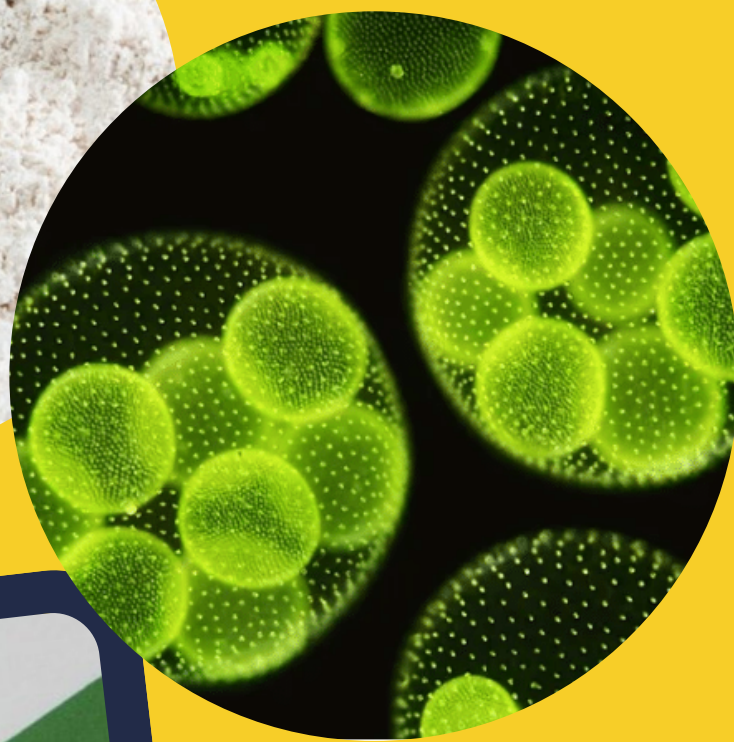

The image shows the chemical structure of Methionine, an essential amino acid. It features a central carbon atom bonded to a hydrogen atom, an amino group ( $\text{H}_2\text{N}$ ), a carboxyl group ( $\text{COOH}$ ), and a side chain consisting of a two-carbon chain ending in a sulfur atom ( $\text{CH}_2\text{CH}_2\text{S}$ ). The text "Methio" is partially visible at the top right, and the chemical formula  $\text{H}_3\text{NCH}_2\text{CH}_2\text{SCH}_2\text{COOH}$  is partially visible at the bottom left.

Vitamin C is a safe compound with antioxidant properties. This vitamin is known as urine acidifier as well. Since struvite crystals are more soluble in acidic pH, it could be expected that vitamin C application could improve crystals dissolution as well as their disposal. It could also prevent other complications.

## Clinopitolite
